

Jeff Herington

Chief Information Officer

NCS / National Credit-reporting System, Inc.

Jeff Herington is Chief Information Officer at NCS. Jeff's considerable experience in accounting and technology disciplines baseline his practical focus in modern business process and systems design. Additionally, he is experienced in compliance/regulatory standards/law, such as SOC, SIG, HIPAA, FCRA and GLB. Mr. Herington's partner-based approach to infrastructure, security and product-development enables greater cost-efficiencies, speed-to-market, resource agility, capacity and compliance.

A multi-faceted technologist, Jeff has extensive experience developing .Net applications and APIs. Additional focuses include web-design, web-services and SAAS design, deployment and engagement-strategies. Mr. Herington has co-chaired the MISMO Verification Committee and the MBA Taxpayer First Act 2201 Work-Group. He is an active participant in the MBA Information Security Work-Group and CDIA IVES Work-Group with a strong interest in identity management and block chain. Jeff and his wife Rita reside in Delaware County, Pennsylvania.
