

Ellen McHenry
Senior Director of Financial Programs
UCEDC

Ellen has helped transform UCEDC from a one-county agency to the statewide financing resource it is today during her 20-year tenure. She directs the development and administration of several loan and business support programs, financing \$4+ million in 2018 to 91 small businesses.

With \$45 million under management and a \$5 million loan portfolio, Ellen oversees the servicing and stringent compliance for SBA and non-SBA loan products.

Prior to joining UCEDC, Ellen worked in retail banking for twelve years. Her familiarity with commercial lending has helped UCEDC forge strong partnerships with banks and other third-party lenders and has helped maximize the financing opportunities for UCEDC's clients.

Ellen volunteers her time in support of her passion for quality child care for disadvantaged children. She is the board president for Union County's Community Coordinated Child Care (4C's), a resource and referral agency for state registered child care providers
